

## PHOTO SHOOT PRODUCTIONS IN ISRAEL

Highlight Films provides full production services and facilities for photo, film, documentary, news, current affairs and video productions, in Israel and Palestine. Call us 24/7 +972-3-6168611 or from the US 1-917-3386188, or [email us](#).

Highlight Films offers professional local **services** for [photo shoot productions](#) taking place in Israel and Palestine.

We can handle all parts of the production, while coordinating with the **foreign crew** arriving to Israel. We have several years of experience in providing feature film productions with location services, arranging **film permits**, **coordinating** crews, models and extras, transportation and all other professional and logistical aspects of the feature film production.

### Location Scout

Our experienced location managers can find the locations you are looking for: From the high peaks of the Galilee, to the dry wilderness of the Negev Desert, the beautiful Mediterranean shores, the Biblical landscape of the Judean Desert to the high intensity urban atmosphere of Tel Aviv; Israel is small, and you can drive its length in one day, so even a short locations scout can be useful if planned efficiently. In our archive there are shots of virtually every point in Israel, with many in high definition. We can always show you the location you would like to visit from various angles before coming to the location.

### Production equipment

The Highlight Films production personnel are experienced with all kinds of field productions. We have worked with British, French, American, Canadian and Italian feature film producers who came to Israel to film their **movies** here, and we are aware of the possible complexities of any production. During the years we have composed a small list of suppliers, colleagues and service providers who fit our professional standards. To each photo shoot production we will bring the most of our experience and contacts in order to make it a successful project!

### Production crew

There are many experienced photo shoot professionals in Israel. In addition to local shoots produced in Israel, there are many international film and photo shoot productions arriving to Israel every year. We can assure you that we will assemble the best team of highly talented professionals for your production - experienced, hard working men and women who can help you achieve the best results in your production here.

If you are planning to produce a photo shoot in Israel and/or Palestine, we would be glad to advise you on the various production issues, including the specific conditions for such productions in our area.
